Consonant Companions

Eric Berlin

In this puzzle, answers begin in the upper left corner and spiral their way to the center. Consonants will be entered in the shaded squares, and vowels will be entered in the white squares. The same consonants will be used in the same order in the two grids.

LEFT GRID

- 1 Inquisitive
- 2 What characters in romance novels are always looking for (2 words)
- 3 Many a Beethoven composition
- 4 Kansas's largest city
- 5 Someone reselling concert tickets at a higher price
- 6 Notable 15th-century painter and inventor (2 words)
- 7 False names
- 8 Car engine lubricant (2 words)
- 9 Home to China's National Museum

RIGHT GRID

- 1 Top of a wave
- 2 Black-and-orange bird
- 3 What an optometrist corrects
- 4 A couple of times
- 5 Condiment for Mexican food (2 words)
- 6 See what someone is saying? (hyph.)
- 7 Street
- 8 Friend in school, say
- 9 Place to put a stud or a hoop
- 10 Game that comes with 54 rectangular blocks
